

HPCFD – Module 8 Practical Training and Assessment Dates 2022-23

The practical training is accessed once all your theory modules and assessments are successfully completed.

You are required to attend **one** set of (Friday & Saturday) dates for Module 8 practical training and **one date** (Saturday) for the Final assessment.

Below we have set the dates at regular intervals for you to decide upon your preferred choice; this will be dependent upon your Modules start date and successful completion of all 1-7 modules and assessments.

These dates allow you to be flexible and fit with your needs and availability.

If you have any questions regarding Module 8 Practical and Final assessment do email us courses@craniofacialdynamics.com and we will be happy to assist.
